SUMMARY

B.Tech Computer Science Engineering student (2023–2027) with strong skills in full-stack development (React JS, Node.js, MongoDB, MySQL) and cloud technologies (AWS DevOps basics). Certified in Machine Learning (L&T) and Generative AI Systems (L&T), with proven innovation experience through the Best Idea Award at the IBM-powered ISTE Ideathon. A quick learner and effective collaborator with strong problem-solving abilities, eager to contribute to impactful software projects.

PROJECTS & TRAINING

Academic Project – Product Pulse (2023)

- Developed a mobile app using OCR, React JS, Node.js, MongoDB.
- Awarded Best Idea at IBM-powered ISTE Ideathon.

College Training – Full Stack Development (2024)

- Built and tested modules using React JS, RESTful APIs, and MySQL.
- Learned collaborative development practices through team projects.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

Swami Vivekanand Institute of Engineering & Technology, Chandigarh (2023–2027)

Intermediate (12th Grade) – Sri GuruNanak Public School (2023)

Matriculation (10th Grade) – Sri GuruNanak Public School (2021)

TECHNICAL SKILLS

- Programming & Development: C, C++, JavaScript, Node.js
- Frontend: HTML, CSS, Tailwind CSS, React JS, WordPress
- Backend & Database: Node.js, MongoDB, MySQL
- Cloud & Tools: AWS (DevOps basics), MS Excel, Canva, Adobe
- Core Strengths: Problem-Solving, Leadership, Team Collaboration, Adaptability, Quick Learning

PROJECTS

PromptBloggy

- Developed an AI-powered platform "PromptBloggy" that generates customized blogs and websites instantly based on user prompts
- Implemented a user-friendly interface allowing users to input prompts and receive SEO-friendly.
- Integrated automation features to streamline blog and website creation, enhancing efficiency and reducing manual effort for end-users.

CERTIFICATIONS

Technical Certifications

- Machine Learning in Python – L&T (Introductory Level)
- Building Generative AI Systems – L&T
- AWS DevOps (CI/CD & Deployment)
- JavaScript (Basic) – HackerRank
- CSS (Basic) – HackerRank
- Business Analysis & Process Management – Coursera
- Digital Productivity – NIIT Foundation (UNICEF)

Additional Certifications

- Video Editing – Great Learning
- Fundamentals of Animation – Simplilearn
- Guinness World Record Participation – Teacher's Day Event (2023)

ACHIEVEMENTS

- Best Idea Award – IBM-powered ISTE Ideathon, 2023
- World Record Participant (Teacher's Day Event, 2023)
- Recognized for leadership, public speaking, and active participation in technical events
